

Stadsing's mouthpiece / facemask in fabric, black

SKU: 25102

Washable 3-layer fabric mouthpiece, which is made of soft and delicious materials. It has an optimal fit and the combination of the three layers minimizes moisture formation, which provides better comfort. If you wear glasses, for example, you will therefore find that less dew is formed. This is partly due to the fact that the inner layer is made of mesh, which is known from sportswear for its ability to conduct moisture away from the skin. In the middle there is a layer of single jersey, which absorbs moisture. On the outside is a brushed isoli, where the inside absorbs moisture and the outside prevents moisture from penetrating. The mask is rounded over the nose and mouth, which gives a spacious fit and it ends close both at the nose and under the chin. The edge is finished with a soft mesh edging, which also forms adjustable ear straps. You can possibly tie a knot on the strap and cut off the excess length.

- Fits all face types
- We recommend you wash the mask before use
- Can be washed a maximum of 30 times

Specifications

Category	Face Masks
BrandSymbol	
Colour	■ Black
Material	Polyester  , Cotton
Size	One Size
Sex	Men, Women
Approvals	OEKO-TEX®
Washing symbols	
Gross weight (kg)	0.35
